Kris & Megan Gilbert

Pastors to New Zealand
Project #42.11233

Ministry Focus

- Kris and Megan's goal is to produce a network of healthy, growing cell churches in numerous locations that are transforming communities through Christ and expanding the Kingdom of God.

Kris and Megan have been active in the church for their entire lives, having grown up in homes committed to Christ. Kris has been in vocational ministry for more than fifteen years, and Megan trained as a physical therapist. Kris graduated with a bachelor's degree from Anderson University and went on to earn MATS and MDiv degrees from Liberty University. Megan graduated from Rocky Mountain College with a degree in exercise science and then earned a doctor of physical therapy degree from the University of Montana.

When the Gilberts returned to the States after nearly three years of service at a church in New Zealand in the Wellington area, they weren't expecting to return. They settled in Billings, Montana, where Kris took a position as a discipleship pastor. But then in 2014 God called them back to New Zealand, and they were amazed at the work that God was doing and the doors he was opening for a return to ministry in a country and to a people that they both passionately love.

Since arriving back in New Zealand in July 2014, the Gilberts have labored in ministry through a variety of means. This has included replanting Westside Christian Fellowship as Peninsula Community Church, operating The Well community hub, and more recently establishing a network of missional house churches collectively called Table Community Church. Through relational evangelism, hospitality, and "one another" community life, that fellowship is growing deeper with one another and also making connections with others in their discipleship journey.
