

JULY 2025 | PROJECT #42.30551

AN UPDATE FROM LATIN AMERICA

Church of God Theology Training

The project's ongoing mission is to equip Church of God leaders with scholarships for theology school. Annually, this program provides assistance with essential biblical education to students who would otherwise be unable to access such training, enabling them to better serve their churches and communities. See the next slides to learn about the impactful stories shared by several program participants.

STUDENT TESTIMONY

Church of God Theology Training

"I have been blessed with a scholarship to study theology, which is extremely important to me since I am a Sunday school teacher. I believe it has never been more necessary for God's people to prepare in the Word as it is now. We are facing many difficulties, many winds of doctrine, many things that are biblically being fulfilled, and we must be sure of everything the word of the Lord teaches us."

Zuly Lorenzo, 1st year student in the Dominican Republic

STUDENT TESTIMONY

Church of God Theology Training

“When I started studying theology, I was working in the Church of God in Costa Rica as a pastor in a somewhat rural church and didn't have the necessary means to pursue my studies. But when I sent the letter to the CIID board, they were always willing to help me, and I deeply appreciate it because today, thanks to God, I am a graduate of the program.”

STUDENT TESTIMONY

Church of God Theology Training

“It has been a great growth and blessing for my life, both spiritually and in knowledge. It helped me a lot to break certain structures I had, not to limit myself, to keep seeking Him more every day, to keep preparing and learning more about His word and His history...Thank you because if it weren't for your contribution to my life, your help, perhaps I wouldn't be able to attend the institute at this moment. God bless you.”

Camila Lupchinski, 2nd year student in Argentina
